

IN THE DRAWINGS:

Please replace the drawings with the eight (8) sheets of drawings accompanying this Amendment. The new sheets incorporate the changes previously presented to the Examiner.

REMARKS

In the Final Action, all claims were allowed except for Claims 8 and 21.

Claim 8 was rejected for indefiniteness because it did not identify the claim from which it was dependent. This has been corrected by the amendment made herein, and it is believed that Claim 8 now is in form for allowance.

Claim 21 has been cancelled in view of adequate claim coverage elsewhere.

The objection to the drawings was that numerals were crossed out several times, with specific reference to Figures 16 and 21. Since those reference numerals were crossed out only for the purpose of seeking the Examiner's approval of the changes, and since no other objection was made to the changes in the drawings, new formal drawings have been prepared incorporating the changes, and those drawings are submitted herewith.

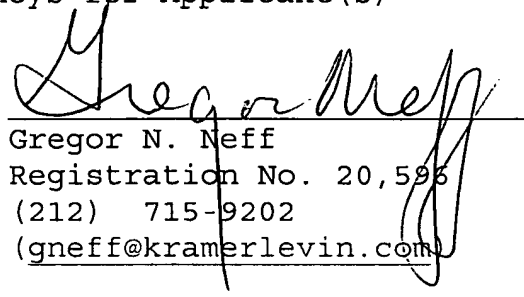

The undersigned hopes that this meets with the Examiner's approval.

In accordance with the foregoing, it is believed that the application now is in condition for immediate allowance, and a Notice of Allowance is respectfully requested.

Respectfully submitted,
